

2014 Old Stones Chardonnay

The 2014 Old Stones Chardonnay is primarily sourced from the Temperance Hill Vineyard which sits high atop the Eola-Amity hills. Its elevation and its exposure to the Van Duzer wind gap in the coast range means that this vineyard retains wonderful acidity and brightness. The wine is complemented with selected barrels from our Winery Block and Le Pré du Col estate vineyards which are too young for our Sigrid Chardonnay program.

This wine is mineral driven with succulent citrus driven aromas and flavors and the textural expression make this wine perfect for enjoying with seafood, cheeses or just a great piece of baguette and salted butter.
